

[KUDUMBHASREE MANAGEMENT SYSTEM]

Date: 31/01/2020

Guide: Mr.T J JOBIN

1. Project Overview?

This project aims at developing a system which provides an efficient way of managing the activities of Kudumbhashree in a Gramapanchayath. It helps to buy products of kudumbhashree units and can book tickets for their exhibitions. Several job opportunities are provided by the external users and the payment is also included in this system.

2. To what extent the system is proposed for?

This system manages the time consumption and work burden of the panchayat in managing KudumbaShree activities. The system developed can be used effectively to establish effective communication among the members of each unit as well as the panchayat.

3. Specify the Viewers/Public which is to be involved in the System?

The one module specified in this system is the outside users who can see various products of each unit and buy it if they are interested. They can book tickets for the exhibitions conducted by the unit members. They can see the various developments in the kudumbhashree units.

4. List the Modules included in your System?

There are five modules in this system. They are

1. Admin
2. Community Development Society(CDS)
3. Area Development Society(ADS)
4. Neighbour Hood Group(NHG)
5. Users

5. Identify the users in your project?

The users are cds,ads,nhg and outside users.

6. Who owns the system?

Admin owns the system.

7. System is related to which firm/industry/organization?

The system is related to the Kudumbhasree organizations in Kerala.. Kudumbhasree system helps in the women's empowerment in Kerala.

8. Details of person that you have contacted for data collection?

I have contacted the President of several kudumbhasree units to collect information such as their products,exhibitions and day to day activities.
